Midwinter Clergy/Partners Retreat

February 6-8, 2014 at Red Jacket Resort, North Conway

This year the Clergy Development Committee and Bishop Rob Hirschfeld extend an invitation to all clergy who are part of the Episcopal Church in New Hampshire to a midwinter gathering filled with delight, nurture, collegiality and creativity. Our guest this year is Christine Hemp, noted poet, author, teacher, coach, facilitator and performer. With her multi-faceted gifts, Christine will spend time with adults and children alike as she helps us explore creative connections and give birth to them through word and image. There will be an opportunity to meet individually with Christine for coaching with the writing/preaching process.

We need people like Christine Hemp to lead us into the future of an emerging way of being and doing church. Expect to leave with an expanded mind, renewed hope and a good dose of encouragement!

Read more about Christine by checking out this link to her Liturgical Page:
